“Canine Spay-Neuter Assistance Program” (K9-SNAP)
Application for MANISTEE COUNTY RESIDENTS

This program provides spay-neuter assistance to financially struggling dog owners in Manistee County, however, we do NOT ask for proof of income. We are happy to help any dog owner who requests assistance as long as we have funds available. Please fill out this application in full and send it back to us. We will mail you a spay-neuter voucher to be used to offset some of the cost of your dog’s spay-neuter surgery. **The value of the voucher will be \$50 for a female dog and \$40 for a male dog.** Bring your voucher with you to your dog’s spay-neuter appointment. The voucher will be accepted as cash by your veterinarian. **Any additional cost above the value of the spay-neuter voucher is your responsibility.** You must receive your voucher from us BEFORE you take your pet in for surgery. Please allow up to 10 days to receive your voucher (schedule your appointment accordingly!). You may combine our voucher with any financial assistance you receive from other spay-neuter organizations.
